

Karen Isabelle Rose

I have worked as a consultant Obstetrician and Gynaecologist in Edinburgh since 2014 and have actively been involved with EBCOG and ENTOG (European Network of Trainees in Obstetrics and Gynaecology) since 2009.

I was born in Luxembourg to Dutch and British parents, and trained in the UK and the Netherlands. I have had a long standing passion for developing Obstetrics and Gynaecology training and healthcare throughout Europe.

I have for the last 10 years had roles within the EBCOG Standing Committee on Training Recognition (SCTR), the Standing Committee on of Training and Assessment (SCTA), the EBCOG exam committee and the various EBCOG Scientific committees.

My current roles within EBCOG include EBCOG Executive Member (Northern) since 2018 and chair of the SCTA. I have been very active within the SCTA, SCTR and EBCOG exam committees and am actively involved in the EFOG examination, the EFOG revision courses as well as teaching on the EBCOG Training The Trainer (TTT) courses in various European countries.
